STATINTL Attn: [redacted] STATINTL

SUBJECT: P.O. 1812 [redacted]

Dear Tom:

As we both recall, this Purchase Order was to authorize us to continue certain study and analysis work which had formerly been performed under a previous Purchase Order #0815. Actually, practically no effort was charged to the subject order during its effective period, namely July 1960. We, therefore, would like to suggest that it be cancelled or terminated at no cost. This would seem to us to be the most expeditious way of closing the order out. If you have any other thoughts on this or wish additional information, please call me.

Very truly yours,

[redacted] STATINTL

Reference: Task Order No. 5-Contract

STATINTL Dear

STATINTL The project covered by the above Task Order has suffered some slippage on the part of others. At the same time as indicated by the figures presented to you in May, we have some funds remaining unexpended under this Task Order. I would, therefore, request that this Task Order be extended for three months without additional funds in order that we may evaluate both the extent of slippage and the extent of work to be done to complete this project. Between now and the end of December you may expect to hear further from us with precise cost estimates. 31 Dec 63

Very truly yours,

STATINTL
